CHINO BASIN MUNICIPAL WATER DISTRICT,

CASE NO. RCV 51010
ORDER CONCERNING
MOTION TO EXTEND NINE-MEMBER BOARD
Date: September 28, 2000
Dept: 8
Time: 2:00 p.m.

Background

On February 19, 1998, the Court appointed a nine-member board consisting of representatives from the Overlying (Agricultural) Pool, the Overlying (Non-agricultural) Pool, the Appropriative Pool, and three municipal water districts to serve as Interim Watermaster for the Chino Groundwater Basin (hereinafter sometimes referred to as "Basin"). Watermaster was directed to notice a hearing on or before October 28, 1999, to consider all parties' input as to the continuance of the nine-member board. The Court informed the parties that one of the measures that would be used in determining the effectiveness of the nine-member board, in functioning as a steward of the Basin,

1 would be the progress made on the adoption of an optimum basin management
2 program ("OBMP") for the Basin. The OBMP was to be submitted to the Court no later
3 than September 30, 1999, and a hearing was set on October 28, 1999, to consider
4 whether to approve and order full implementation of the program. The deadline for
5 approval of the OBMP was continued several times. The Court finally approved the
6 OBMP, consisting of the Phase I Report and Implementation Plan, subject to certain
7 conditions precedent, on July 13, 2000.

8
9 Discussion

10
11 Extension of Appointment of Nine-member Board

12 On August 30, 2000, Watermaster filed a Motion to Extend the Nine-Member
13 Board for a Full Five-Year Term. The motion requests the Court to order that the
14 current nine-member structure of the Watermaster board continue in effect for a full
15 five-year term. Watermaster asserts that all of the conditions precedent set forth in the
16 Court's July 13, 2000, Order have been satisfied. However, as noted in Special
17 Referee Anne Schneider's Report and Recommendation Concerning Motion to Extend
18 Nine-Member Board, there are several outstanding issues that must be resolved
19 before it can be said that all of the conditions have been satisfied. First, it is not clear
20 that unanimous approval of the Peace Agreement regarding the Chino Groundwater
21 Basin, dated June 29, 2000, hereinafter "Peace Agreement," has been obtained.
22 Western Municipal Water District's "ratification" of the Peace Agreement was
23 conditional. Watermaster reports the need for further negotiations related to the
24 purchase of desalted water. Second, Watermaster states that the California
25 Legislature has appropriated \$235,000,000 for the benefit of the Santa Ana Watershed
26 Project Authority ("SAWPA") and allocated this sum to the State Water Resources
27 Control Board ("SWRCB") for distribution. Watermaster further states that SAWPA
28 has submitted an application to SWRCB for distribution of these funds, including

1 \$56,000,000 to be used to fund the Chino II desalter and an expansion of the Chino I
2 desalter. However, Watermaster has not explained how the \$121,000,000 condition
3 precedent is satisfied when only \$56,000,000 of the funds allocated to SAWPA are to
4 be used for the Chino Basin desalter project. Third, while Watermaster has submitted
5 a schedule and process for submission to the Court of detailed periodic reports
6 regarding compliance with the Implementation Plan for the OBMP, the schedule has
7 some omissions. For example, Program Elements 3 and 5, which encompass the
8 desalter project, are not included in the schedule.

9 It must be noted that the City of Chino has filed an Opposition to Motion to
10 Extend the Nine-Member Board for a Full Five-Year Term. Although it supports the
11 continuation of the current nine-member board structure, the City of Chino asserts that
12 Court guidance is needed with respect to the establishment of "criteria, procedures
13 and schedules for the rotation of Appropriative Pool members" serving on the
14 nine-member board. Watermaster responds that several groups must determine a
15 procedure for rotation: Overlying (Agricultural) Pool, Overlying (Non-agricultural) Pool,
16 and the three municipal districts that hold seats on the board and the Appropriative
17 Pool. Watermaster is hopeful that a complete consensus will emerge prior to October
18 31, 2000, and requests the Court to allow the consensus-building process to continue
19 and give the parties until October 31, 2000, to resolve their differences. An inability to
20 reach consensus on the rotation issue is of considerable concern to the Court. The
21 Court is unwilling to extend the appointment of the board unless and until the rotation
22 issue is resolved.

23 24 Periodic Reporting Requirements

25 In the exercise of its continuing jurisdiction, the Court shall require periodic
26 progress reports regarding implementation of the OBMP to ensure that the
27 Watermaster is performing its independent function and keeping to the schedule
28

1 adopted for OBMP implementation. The Court adopts the following schedule for
2 OBMP reporting:

- 3 Report No. 1 March 31, 2001
- 4 Report No. 2 September 30, 2001
- 5 Report No. 3 March 31, 2002
- 6 Report No. 4 September 30, 2002
- 7 Report No. 5 March 31, 2003
- 8 Report No. 6 September 30, 2003
- 9 Report No. 7 March 31, 2004
- 10 Report No. 8 September 30, 2004
- 11 Report No. 9 March 31, 2005
- 12 Report No. 10 September 30, 2005

13
14 Report No. 10 coincides with the end of the appointment of the Nine-Member Board.
15 The OBMP progress reports, together with independent assessment of OBMP
16 implementation status, including verification of data to be provided by the Special
17 Referee and her technical expert, will be the basis for consideration of continuing the
18 appointment. The Court may schedule hearings to coincide with some or all of these
19 reports. Alternatively, the Court may, from time to time, direct the Special Referee to
20 conduct a workshop in lieu of a court hearing. The reports should follow the format
21 prescribed in Special Referee Anne Schneider's Report and Recommendation
22 Concerning Motion to Extend Nine Member Board.

23 24 Future Desalters

25 The Court wants to particularly note that the Peace Agreement predicates any
26 future desalting capacity on a reevaluation of the need for additional desalting after the
27 earlier of ten years or the conversion of 20,000 acres of agricultural land. The Court is
28 mindful that while the parties to the Peace Agreement contemplate the construction of

1 future desalters and/or expansion of Chino I and/or Chino II Desalters, there are no
2 provisions in the Peace Agreement that effectively ensure that they will be built. In
3 effect, future desalters (and any expansions of the Chino I and II Desalters) will be built
4 "if and only if" funding from sources other than the Parties can be secured. The OBMP
5 (Phase I Report and Phase II Implementation Plan) calls for some 40,000 acre-feet per
6 year of desalting capacity to be installed in the southern part of the Basin by 2020. The
7 Court hereby gives notice to the parties that a primary concern of the Court in any
8 future application for reappointment of the nine-member board will be the parties'
9 continued commitment to provide for future desalters and preserve safe yield in
10 accordance with the OBMP.

11
12 Order

13 Watermaster seeks an order continuing the current nine-member structure of
14 the Watermaster Board in effect for a full five-year term and authorizing it to perform all
15 managerial and administrative functions as specified in the Judgment, including the
16 execution of all administrative and employment contracts. Watermaster states that it
17 will propose a schedule for rotation of its board members no later than October 31,
18 2000.

19
20 The Court is not inclined to extend unconditionally the reappointment of the nine-
21 member board until both the rotation and the Western Municipal Water District issues
22 have been resolved. Therefore, the appointment shall be made subject to certain
23 conditions. The failure of any one of these conditions shall be considered by the Court
24 as a compelling reason to reconsider the appointment of the nine member board.
25 Therefore, subject to the continuing jurisdiction of the Court and satisfaction of conditions
26 numbers 1 - 5 below, the Court hereby issues its order:

1 The Court has considered the Special Referee's Report and Recommendation
2 Concerning Motion to Extend Nine-Member Board and hereby issues its ruling accepting
3 the Report and adopting the Recommendation of Anne Schneider, except to the extent
4 that it recommends continuation of the appointment for only three years. The Court
5 incorporates herein by reference the entirety of the Special Referee's Report and
6 Recommendation Concerning the Motion to Extend Nine-Member Board. The
7 nine-member board is hereby appointed for an additional five-year term, until
8 September 30, 2005, subject to the continuing jurisdiction of the Court to reconsider
9 the appointment in the event Watermaster fails to timely comply with the following
10 conditions:

11
12 1. Watermaster's report on the status of its efforts to resolve the terms and
13 conditions applicable to the purchase of desalted water and to secure a
14 rescission of Western Municipal Water District's conditional execution of the
15 Peace Agreement no later than December 31, 2000; and

16
17 2. Watermaster adoption and Court approval of Revised Rules and
18 Regulations for Chino Basin by February 1, 2001; and

19
20 3. Submission of Reports Nos. 1 through 10 in accordance with the
21 schedule set forth in the discussion above; and

22
23 4. Inclusion in such reports of schedule and budget information essentially
24 in a form equivalent to Exhibit "E" and Table 4-14 of the Phase I Report; and

25
26 5. Watermaster cooperation in the independent assessment and verification
27 of the data included in Reports Nos. 1 through 10 to be provided to the Court
28 by the Special Referee and her technical expert.

The parties are forewarned that any future application for reappointment of the nine-member board may be conditioned on the development of a detailed plan to reach the OBMP goal of 40,000 acre-feet per year of desalting capacity to be installed in southern part of the Basin by 2020.

Dated: September 28, 2000

J. MICHAEL GUNN, Judge

When I decide on reappointment in 5 years, I will be looking for the following:

All production meters will be installed;

Basin monitoring will be completely in place and will have been the basis for the semi-annual reports specified in my Order;

The Recharge Master Plan will be complete and appropriate recharge facilities will have been installed.

The OBMP Desalter I Expansion and Desalter II will be installed and operational, with demonstrated delivery of desalted water for municipal use in the basin.

20 Background

22 On February 19, 1998, the Court directed Watermaster to prepare an
23 optimum basin management program ("OBMP") for the Chino Basin. On July
24 13, 2000, the Court found, subject to certain conditions precedent, that
25 Watermaster's support and approval of the Peace Agreement regarding the
26 Chino Groundwater Basin, dated June 29, 2000, hereinafter "Peace Agreement,"
27 and Watermaster's commitment to implement the OBMP Phase I Report through
28 the provisions of the OBMP Implementation Plan as expressly set forth in Article

1 V of the Peace Agreement satisfied Watermaster's obligation to prepare an
2 OBMP. One of the conditions precedent to that finding is Court approval of all
3 Judgment modifications in furtherance of the OBMP.

4 On August 15, 2000, Watermaster filed a Motion to Amend the Judgment.
5 No other party has submitted proposed Judgment modifications in furtherance of
6 the OBMP, nor has opposition been filed to Watermaster's motion. Watermaster
7 asserts that the parties to the Peace Agreement have agreed that the proposed
8 amendments are the only Judgment modifications necessary to achieve
9 consistency between the OBMP and the Judgment. Consequently, the parties
10 have not provided comprehensive briefing on Judgment modification issues.

11 Discussion

12 Special Referee Anne Schneider has provided the Court (and the parties)
13 with a thoughtful analysis of various provisions in the Peace Agreement that
14 appear to be in conflict with the Judgment. Watermaster's motion recognizes
15 some of these conflicts. However, the Special Referee's Report and
16 Recommendation Regarding Watermaster's Motion to Amend Judgment notes
17 several provisions in the Peace Agreement which appear to conflict with the
18 Judgment, for which no modification is proposed. For example, Watermaster
19 proposes to modify the amended Judgment Exhibit H conversion provisions to
20 allow 2.0 acre-feet of unallocated Safe Yield water for each converted acre.
21 However, no revision is proposed with respect to Appendix 1, which explains the
22 basis for the existing 1.3 acre-feet per acre provision. Another example is the
23 Peace Agreement provision which permits "Early Transfer" allocations of 32,800
24 acre-feet of water to occur annually, yet the Overlying (Agricultural) Pool is still
25 entitled to pump 82,800 acre-feet per year without reduction. There are several
26 other provisions of the Peace Agreement noted by the Special Referee which
27 appear to conflict with the Judgment, for which no Judgment amendment is
28 sought.

Order

1
2
3 The Court has considered the Special Referee's Report and
4 Recommendation Regarding Motion to Amend Judgment and hereby issues its
5 ruling accepting the Report and adopting the Recommendation of Anne Schneider.
6 The Court incorporates herein by reference the entirety of the Special Referee's
7 Report and Recommendation Regarding Motion to Amend Judgment.
8 Watermaster's Motion to Amend the Judgment is granted subject to the
9 following: the parties are directed to file a post-hearing brief (s) clarifying their
10 intent with respect to the Peace Agreement provisions discussed in Sections IIB
11 though IIF in the Special Referee's Report and Recommendation Regarding
12 Watermaster's Motion to Amend Judgment. The post-hearing brief (s) shall be
13 submitted no later than October 26, 2000.
