

# Chino Basin Water Quality Colloquium

***Join us on May 2, 2019***

***9am - 4pm***

***Chino Basin Water Conservation District  
4594 San Bernardino Street, Montclair, CA***

**Hear about a variety of topics on  
Contaminants of Emerging Concern including:**

***Where we've been with case studies of perchlorate plumes***

***Where we are with hexavalent chrome and 1,2,3-TCP***

***Where we're going with PFAS and 1,4-dioxane***

***How other entities are approaching these issues***

***Looking forward to treatment technologies***

**And More!**
